

THE ULTIMATE MARINE CLEANING SYSTEM

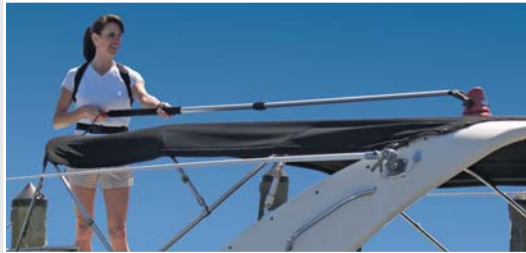

MotorScrubber

Keep 'er gleamin' from bow to stern!

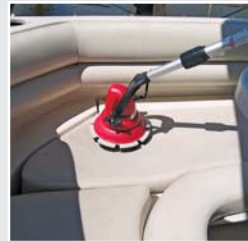

- The MotorScrubber's powerful rotary scrub head is powered by a rechargeable 12-volt battery backpack. The backpack is lightweight (weighs only 6 lbs.), fully-adjustable, and provides up to 4 hours of "start & stop" use on a single charge.
- 48" long-handle MotorScrubber telescopes to 8.5 ft. for an incredible 13 ft. reach.
- Easy to use ... lightweight (only 3 lbs.) with comfortable, "soft-grip" handle.
- Interchangeable brushes can be quickly and easily switched with a twist of the wrist.

Show 'er how much you love 'er ... MotorScrub 'er!

- The MotorScrubber starter kit includes the scrub head & handle, backpack & battery, 5 ft. coil cord, padholder, battery charger, complete operating instructions, and 12-month warranty.
- Our full line of accessory brushes (see back page) make the MotorScrubber the ideal tool for cleaning, scrubbing, waxing, and buffing ... painted surfaces, glass, carpet, canvas, vinyl, tile, and more!

Easily cleans all those hard-to-reach spots!

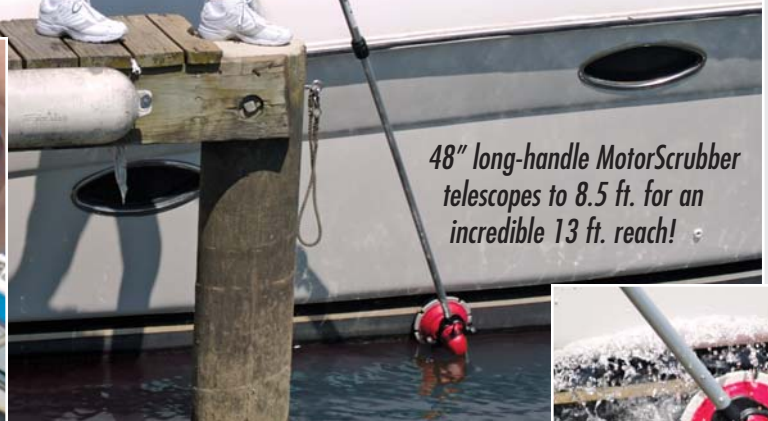

The MotorScrubber's adjustable reach and "push-button elbow grease" can take the drudgery (and sore knees) out of your waxing/buffing routine!

Scrub head swivels from 0°-70° and can be locked into position!

48" long-handle MotorScrubber telescopes to 8.5 ft. for an incredible 13 ft. reach!

Safe to use around water ... even in the water!
